

CONVERT ANY WINCH INTO A RATCHETING WINCH

EASY TO USE

The lubricated cap with a Grime Guard Weather-Tight Seal fits over the existing winch cap without having to remove the winch from the trailer, making it faster and safer than conventional winches.

IMPROVED

Your winch bar stays in the winch until your straps are tight.

VERSATILE

Works with weld-on, sliding, or portable-mount models.

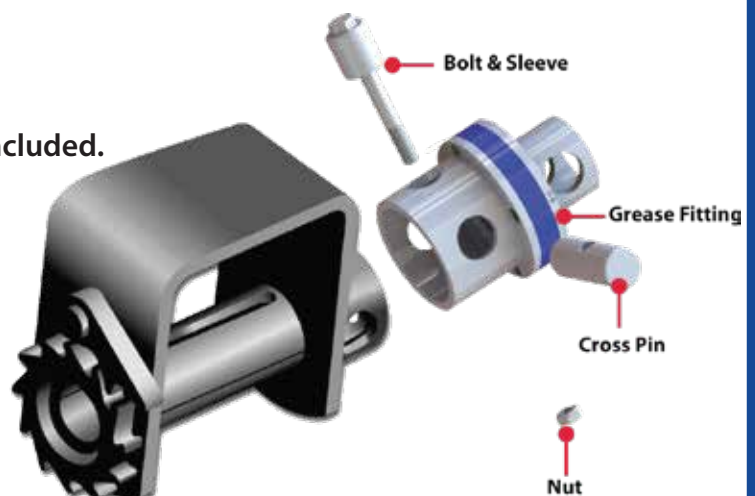

To install on any existing winch:

1. Simply slide the OverDrive unit over the cap of the old winch
2. Spin it in place
3. Secure it with the bolt

It's that simple.
All necessary parts are included.
