

LEADER IN FLATBED TRAILER LOAD SECUREMENT

ANCRA X-TREME™ **ROPE TIE DOWN**

Use this as a light weight replacement for steel cable tie downs when hauling timber. The rope will not develop kinks or have broken wires like a steel cable and the lighter weight and added flexibility makes it more user friendly.

Part No: 50404-10-33

FEATURES

- ✓ 33 Feet in Length
 - ✓ Made using a Ultra High Molecular Weight Poly Ethylene material
 - ✓ Has very high strength and low stretch characteristics
